## Action for the SDGs

SDGs	Theme	Actions
	<b>Adding more value to "paper"</b>	<ul style="list-style-type: none"> <li>- Developing and improving high-quality products to all three functions of paper : Wiping, Wrapping, and Recording.</li> <li>- Contributing to improve public hygiene through products such as our paper towels.</li> <li>- Challenging ourselves to develop new hygiene-related products for a more comfortable society.</li> <li>- Delivering high-quality manufacturing to meet customer needs.</li> </ul>
	<b>Eco-Friendly Manufacturing</b>	<ul style="list-style-type: none"> <li>- Promoting FSC®-certified products to support forest conservation(FSC®-C147971).</li> <li>- Contributing to environmental protection through the production of 100% recycled paper products.</li> <li>- Utilizing renewable energy by installing solar power generation systems.</li> <li>- Reducing CO<sub>2</sub> emissions by minimizing energy consumption in the manufacturing process.</li> </ul>
	<b>In constant pursuit of High-Quality Products</b>	<ul style="list-style-type: none"> <li>- Evolving 5S-KAIZEN (Continuous Quality Improvement) activities. (Started in 1997, now implementing over 1,000 improvements annually).</li> <li>- Establishing an integrated production among TOYO Group Companies to continuously provide and propose high-quality products.</li> </ul>
	<b>Contributions to the Community and Society</b>	<ul style="list-style-type: none"> <li>- Hiring local talents actively.</li> <li>- Creating a workplace environment that is easy to work in.</li> <li>- Obtaining "Youth Yell Certification".</li> <li>- Contributing to community development through activities such as cleaning areas around company premises.</li> </ul>

**2030**

We strive to contribute to the prosperity of humanity through environmentally conscious manufacturing.

### About SDGs

SDGs stands for "Sustainable Development Goals." It is a set of 17 goals and 169 targets designed to address social issues and create a brighter future by 2030. The SDGs were unanimously adopted as an international agenda by all 193 member states of the United Nations in September 2015.
